AENEAS role in the international EUREKA RD&I Industry-driven cooperation

EUREKA Clusters

Closed in
2019

Smart Electronic Systems

New

Operated by AENEAS

Intensified cooperation between Associations representing the ECS community: AENEAS, ARTEMIS-IA and EPoSS

Supporting ECSEL / KDT and Xecs for the benefits of the Electronic Components and Systems community

- ✘ One voice with a common ECS vision, mission and strategy
- ✘ Common ECS Strategic Research and Innovation Agenda (ECS-SRIA)
 - Serving as the strategic roadmap for Xecs, PENTA and Euripides² as well as KDT
 - Welcoming your feedback at EF ECS and during workshops
- ✘ By joining an association, you become a member of the community
- ✘ You can play an active role in the Technical Experts Group or Intercluster working Groups

Pitches

Funding instruments

Funding

3 associations serving the needs of the ECS community

✕ **ECS Collaboration Tool:** independent of any funding instrument, to share ideas, attract partners and look for partners

✕ **EF ECS 2021:** bring all stakeholders together on **23-25 November 2021** online, to discover, network, learn and shape Our Digital Future – both strategic and practical information, **including a pre-brokerage**

✕ **ECS brokerage event 2022: 18-19 January 2022 in Brussels.** An onsite networking event dedicated to project creation: showcase your ideas, look for others, find new partners and build your consortia

✕ **Dedicated SME** sessions in those two events for more visibility

Benefits joining AENEAS

More than a network, a global community

Shape

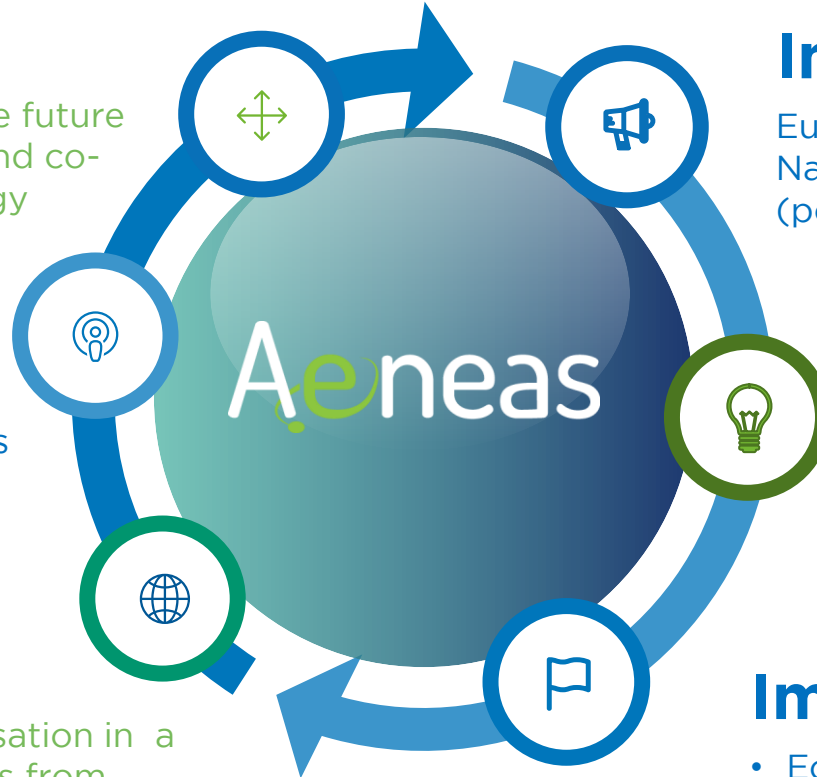

Together, shape the future of digital Europe and co-define RD&I strategy

Community

- Belong to the Community of Electronic Components and Systems
- Participate in EFECs yearly event
- Attend Brokerage / Consortium Building events

Network

Benefit from cross-fertilisation in a global network of experts from large companies, SMEs, universities or Research organisations

Influence

European Commission and Parliament, National and Regional Public Authorities (position papers, meetings, events, etc.)

Create

- Build new partnerships / consortia
- Participate in the co-creation of new projects
- Fund your project with various instruments
- Run funded projects with AENEAS support

Impact

- Economic impact on your activities (accelerate your time to market)
- Solve societal and economic challenges

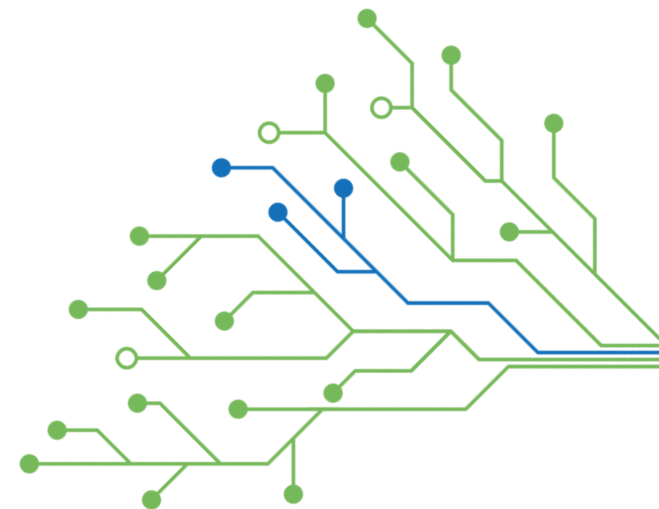

Caroline Bedran
AENEAS Director General
