

bpifrance

Bpifrance

Jeanne Andrade – International Program Manager

Two funding options for French participants

Depending on your project size and type, Bpifrance offers two funding options :

Aide à l'innovation

NO MINIMUM PROJECT SIZE

i-Démo

MINIMUM PROJECT SIZE : 4 M€

R&D Innovation Loan

Fully disbursed at the start of the project, at the prevailing rate. Duration between 5 and 8 years.

Type of Company	Aid rate	Workforce	Turnover	Total Balance sheet
SMEs	80%	< 50	≤ 10M € or	≤ 10M€
SMEs	65%	< 250	≤ 50M € or	≤ 43M€
Large company*	60%	< 2000		

Innovation Advance

Disbursed in 2 tranches (70/30). Technical success of the project taken into account to determine repayment.

Type of Company	Aid rate	Workforce	Turnover	Total Balance sheet
SMEs	65%	< 50	≤ 10M € or	≤ 10M€
Large company*	60%	< 2000		

From 50 000 to 3M€**

*Note that large companies with more than 2000 FTEs can participate in the consortium but will not be eligible for public funding.

** If the project is a Deeptech project (disruptive innovation), companies may be eligible for the ADD, [Aide au développement deeptech](#)

- ❖ **Contact** your account manager (« chargé d'affaires innovation ») before applying to check your eligibility. If you don't have a contact, inform us!

- ❖ **Submit** your national application and make sure it matches your Cluster proposal.

« i-Démo – support for structuring R&D projects »

"i-Demo" call for projects of the France 2030 plan aims to develop industrial and service companies in buoyant markets that create value and competitiveness for our economy and contribute to energy, ecological and digital transitions.

Eligibility

- **Collaborative Projects** (*Limit 6 partners*) OR **Individual project** (*except for large companies*)
- Include industrial research phases as well as experimental development phases, prior to marketing
- Minimum project size : **4 Millions €**
- Indicative project duration : **3 to 5 years**
- Projects causing significant environmental harm **will be excluded**

Selection Criteria

- **Innovative character** and added value of the project
- The **environmental performance** of the project
- The capacity of the project leader to carry out the project
- **Economic impact** of the project

Objectives and nature of the grant :

- **75% of sub** for projects with a majority of « **industrial research** »
- **60% of sub** for the projects mainly «**experimental development** »

Next shift

- **November 28, 2023**, at 12PM (noon, Paris time)
- **January 30, 2024**, at 12PM (noon, Paris time)
- **March 26, 2024**, at 12PM (noon, Paris time)
- **May 28, 2024**, at 12PM (noon, Paris time)
- **July 16, 2024**, at 12PM (noon, Paris time)

WE SUPPORT YOUR APPLICATION

**PARTENARIAT
TECHNOLOGIQUE
INTERNATIONAL**

- **Diagnostic Partenariat Technologique International (DIAG PTI)**, is a tool designed to assist the company in setting up their consortium, planning their project and preparing their application.
- You can use it for finding the right partners, securing your consortium agreement, or any other useful steps of your project.

HOW DOES IT WORK ?

FUNDING OF A CONSULTANCY SERVICE

- You find an expert consultant to help you to set up your project.
- We finance 50% of the consulting service's cost, up to €25,000 (excluding VAT) for consortium's leader and €5000 for other participants.

HOW TO FIND AN EXPERT ?

You can choose your expert, or we can recommend a list of experts who we know are suitable for this type of program.
